

Automate anything. Change everything.

Decisions is a code-free software development tool that seamlessly merges AI tools, rules engines, and workflow management to automate and accelerate any business process.

Our partners build trusted relationships globally, fostering long term growth and customer retention by utilizing Decisions' innovative, flexible, no-code software as the simple solution to complex business logic.

WHY PARTNER WITH DECISIONS?

- **Grow Revenue with New Services:** Increase profitability, reach new customers, and serve existing clients better with an enterprise-class, no-code business process automation platform.
- **Accelerate Value:** Provide faster value to clients by accelerating large-scale development projects.
- **Increase Agility:** Help your clients react to critical changes quicker with no-code.
- **Join the Community:** Be among innovative technology leaders working together to conquer complex development projects with urgent timelines.

PARTNER PROGRAM BENEFITS

- Continuous revenue share for the life of the client.
- Unlimited Professional Services revenue.
- No cost to join our partner program.

WHAT IS THE DECISIONS PLATFORM?

The Decisions platform comes with a suite of drag-and-drop designers for process automation. By using our tools, partners are delivering results for their clients faster and empowering business users to maintain their processes.

- Rules Engine
- Workflow Manager
- Integrations
- Interface Designers
- Process Mining

Decisions is a no-code platform combining AI, rules engines, and workflow management to automate business processes. It helps partners drive growth, increase revenue, and deliver faster project results while simplifying complex business logic with drag-and-drop tools.

WHAT THE PARTNER PROGRAM PROVIDES

- Partner portal for deal registration and relationship management
- Rapid, custom proof of concept (POC) builds to help secure deals
- Comprehensive sales and technical enablement, along with ongoing support
- Demo access and scripts tailored by engagement strategy and industry for client presentations
- Extensive content and quick-start video library for easy reference
- Collaborative go-to-market workshops and marketing support
- Early access to product release updates
- Opportunities to attend training sessions and industry conferences
- Direct access to sales leaders and solutions engineers to support your organization's growth

TAILOR YOUR PARTNERSHIP EXPERIENCE BASED ON WHAT YOU DO BEST

- **Sell:** Leverage Decisions to extend your client reach by creating opportunities and/or engaging in the sales cycle.
- **Build:** Enhance value by developing and building solutions/applications on the Decisions platform.
- **Deliver:** Drive value realization by implementing solutions and delivering services for Decisions customers.

PARTNER SUCCESS STORIES

AmeriTrust centralized the rules engine to streamline changes through business SMEs, removing rules from the UI/Code/DB for their rate/quote/bind portal. – CGI Partnership

The Argus Group replaced an RPA legacy system and implemented performance insights and enhanced visual workflow mapping. – CADS Digital Partnership

Fidelity Life centralized business rules that were spread across several legacy systems. – DXLabs partnership
