User Interface Application

Participants will learn to build complete applications through four key projects using Decisions Forms, User Assignments, Reporting and Dashboards, and Landing Pages.

Each project consists of video lessons followed by implementation and comprehensive knowledge check quiz and a trainer-led grading session.

Fundamental Decisions Training is the pre-requisite for this course.

Upon completion of the training a certificate will be awarded to the students.

Following is the learning matrix for this learning plan.

Decisions Platform skills	Sprint Project Focus			
	Travel Splash	Document Routing	I9 PDF Generation	Financial Lending Application
Landing Pages				✓
Configuration Folder (CRUD)			✓	✓
Action Visibility Rules		✓	✓	✓
Page Variables		✓		
Form Tiles		✓		
Data Structures	✓	✓	✓	✓
Rules Sets				✓
Run Time Selection		✓		
Data Return Rules				✓
Serialization/Deserialization				✓
Create Assignments				✓
Create Process Folders	✓			
Create Sub-flows	✓	✓	✓	✓
Create Email Notifications	✓	✓		✓
Configuration Extensions		✓		
NVelocity String Merge				✓
Simple Tiles	✓	✓		✓
Dashboards	✓	✓	✓	✓
Charts	✓	✓		✓
Async Parallel Assignments		✓		
Signing Files (Read Only)			✓	✓
Converting Files			✓	✓
Document Data type		✓		
File References			✓	✓
Sub Dialogs				✓
QR Code Module			✓	
API Integration				✓
USPS Module				✓
Azure Module		✓
